

Università degli studi di Genova

Dipartimento di Matematica

Direttore Prof. Aldo Conca

To Whom it may concern

With this letter I certify that Antoine Géré attended the PhD programme in Mathematics and Applications of the University of Genova during the years 2013-2015. He successfully defended his PhD Thesis “Analytic regularization of quantum field theories on curved backgrounds” the 24th of February 2016. The Rector of our University will issue the formal degree, dated 24th of February 2016, in the close future.

With best regards

Genova, 07/04/2016
